Singapore Citizen | 86140668 | azri4579@gmail.com | github.com/Azri-23

PROFESSIONAL SUMMARY

Dependable and detail-oriented individual pursuing a Part-Time Diploma in Software Engineering, with a foundation in Python (freeCodeCamp-certified) and coursework in MySQL and MongoDB. Experienced in maintaining accurate documentation, ensuring procedural compliance, and resolving issues promptly under pressure through structured National Service leadership. Comfortable working in regulated, process-driven environments, with strong communication skills for coordinating across stakeholders, and welcomes the opportunity to support IT operations within a healthcare setting.

RELEVANT SKILLS

- Problem Solving & Troubleshooting — resolving operational issues promptly under pressure
- Documentation & Record Management — accurate configuration/compliance documentation in regulated settings
- Stakeholder Communication — timely updates, translating requirements into clear instructions
- Process & Compliance Discipline — adherence to organisational procedures and operational standards
- Team Collaboration — coordinating personnel and resources from diverse backgrounds
- Basic Programming (Python) & Databases (MySQL, MongoDB) — coursework
- Microsoft Office • Time Management • Adaptability

WORK EXPERIENCE

Platoon Sergeant (National Service) | Singapore Armed Forces

Apr 2024 – Feb 2026

- Resolved operational issues promptly while maintaining professionalism and composure under pressure — directly transferable to incident response and troubleshooting in a service environment.
- Coordinated daily activities, manpower planning, and resources to ensure smooth, timely execution of training programmes, comparable to coordinating service requests against deadlines.
- Communicated instructions clearly and provided timely updates across personnel from different backgrounds, translating requirements into actionable steps for stakeholders.
- Maintained accurate records and documentation while ensuring compliance with organisational procedures.
- Supervised and supported teams of personnel in a structured, regulated environment, following established operational standards and best practices. Recognised with the Silver Bayonet Award (Top 10% of cohort) and Best Soldier of the Month for consistent performance.

Kitchen Crew (Part-time) | Pizza Hut

Feb 2023 – Mar 2024

- Coordinated order preparation and fulfilment under time pressure, consistently meeting service-standard timelines during peak periods.
- Maintained inventory levels and supported process compliance for hygiene and safety procedures — operational discipline applicable to standards and best-practice adherence.
- Collaborated with a rotating team to deliver efficient service, adapting quickly to changing operational demand.

Customer Service Operator | Gardens by the Bay

Jan 2019 – Jan 2020

- Communicated with local and international visitors to understand needs and provide timely, appropriate assistance — user-facing support experience.
- Handled feedback and complaints professionally while remaining calm and solution-focused under pressure.
- Worked closely with colleagues and supervisors to resolve issues and maintain smooth daily operations.

EDUCATION

Part-Time Diploma in Software Engineering | Republic Polytechnic

Apr 2026 – Oct 2028 (Expected)

Higher Nitec in Mechanical Engineering | ITE West
